Dear Alan:

Thank you for your letter. I have explored the possibility of some reflections on the workings of the "Kennedy-Terry" committee with some of the surviving members. The consensus is that we should each document our views and opinions before we are senile, but now is not the time to release the reflections. They favor consideration of compiling the reflections. I have agreed that I will pursue the matter no further until 1986 when I will contact them again.

Best wishes.

Sincerely,

Charles A. LeMaistre, M.D.
President
