Hi Alan, After 22 years and learning from the best educators relating to tobacco issues, did you really think I would sit back and not speak out about the same "crap" that you have been speaking out against for the past several years? I'm sorry that you feel the way you do about me, but in spite of what you are saying about me, I will still speak out against the same hypocrisy that you and I agree is taking place. Don't know what I ever did to you or your organization, but I will continue to campaign against the junk science, misinformation and lies that are being told (not by you or DOC) to the public, and you know exactly who I am talking about. I've been nothing but consistent and a phone call now and then would have been nice in my "one man army" against tobacco. Apparently, I did not have enough starch in my collar or degrees in my "drawer" to warrant followup by you and your esteemed colleagues. I just do and have done what I always have for the sake of kids.

Regards,
David Goerlitz
