RE: Contribution to DOC

Dear Dr. Blum:

The University of Miami Affiliated Hospitals' Housestaff Physicians Association voted at our November 13, 1978, Steering Committee meeting to contribute Two Thousand Dollars (\$2,000.00) to the DOC organization.

It was the unanimous decision of the Steering Committee that DOC is an organization worthy of our support. We feel that the efforts being made on behalf of preventive medicine should be continued and backed by those individuals involved in medical care.

Keep up the good work and feel secure in the knowledge that we support your efforts wholeheartedly.

Sincerely,

Gary Cowen, M.D.
Gary Cowen, M.D.
President
