

Regina McBride

Native Poetry

Regina McBride, a native of Santa Fe who now resides in New York City has received a 1990 American Book Series Award from San Diego Poet's Press and the opportunity to have her first book of poetry published.

Ms. McBride's work which reflects her childhood in Santa Fe has been considered by poet Jean Valentine to be "daring, quick and powerful. Her drumming and music calls out from the center-of-the-world room of childhood, ritual, shocked vision. Her intelligence floats, an underwater reverie, full of the light of fairytales, and the deep sense of experience as the passage of a soul."

On Thursday, September 20, Regina McBride will read from her newly released Yarrow Field. Poet Greg Glazner will also read from a manuscript in progress and his book Walking Two Landscapes at 7:30 pm at the College of Santa Fe.

Tennis & Balloon Rally

In the city where Virginia Slims originated, a coalition of physicians, health care workers, business owners, politicians, athletes, and celebrities will bring Santa Fe's attention to the ludicrous association of tobacco sponsorship of sports for the second year.

Doctors Ought to Care (DOC), a non-profit organization created in 1977, continues to address this new dimension of social responsibility with the help of Smoke Free Santa Fe, St. Vincent's Hospital, and La Posada Hotel. DOC is targeting our youth for smoking prevention and comes down hard on tobacco industry's use of the media to influence young people.

The program will kickoff on Friday, September 14th with a national meeting and press conference sponsored by DOC at La Posada Hotel. Former model for Winston ads, David Goerlitz will be speaking with school

children in grades 6-8, the group targeted by DOC for education about prevention. David Goerlitz will speak about the problems associated with tobacco use and how he felt the media exploited him.

On Saturday morning, September 15th at 6am, about 20 hot air balloons will be launched from Ortiz Park in West Alameda Street.

Tennis matches with celebrities will follow throughout the day at El Gancho Tennis Club on Old Las Vegas

Highway. Various activities including skits and clowns will be at the tennis matches for family entertainment.

An admission fee of \$2 will be charged. The Evergreen Restaurant catering truck will serve a delicious menu at El Gancho. The community is encouraged to share in this event. Among the celebrities who have planned to be there are: Hunter's Stephanie Kramer, Kathy Lee Crosby, Ann Murphy, musician Jim Messina, Falcon Crest's Mariska Hargitay. For more information call DOC at 989-9144.
