**Domestic Violence affects
1 in every 4 women.**

**It costs American businesses
over \$3 billion each year.**

**And your company can be
part of the solution.**

Domestic violence is the leading cause of injury to women in our country, and its impact extends from the home to the workplace. The result? Shattered lives and billions of dollars in business losses annually due to absenteeism, turnover, medical expenses and lower productivity.

That's why helping victims of domestic violence is your business. Your company can change lives by building awareness of the issue and providing a link to information about resources in your community.

Let your employees know their safety is important. A few steps can make all the difference to your business — and to someone like Doreen.

wouldn't you protect them?
