Dear Mr. Blum -

Thank you for calling - I was certainly pleased to hear from you & am awaiting the information you indicated was being sent.

Enclosed are copies of my letter to Wayne Gonder, Cliff Douglas' report, Wayne Gonder's reply to my letter, and Cliff Douglas' testimony before the FDA on Aug. 2nd. I thought you would be interested in all of it! Mr. Gonder's reply to me now allows me to move forward on a stockholder's proposal, since it is obvious that ~~KFC~~ KFC does not wish to entertain any changes on their own. I will be anxious to hear your comments... especially about the confusing remark by Wayne Gonder thanking me for my kind offer to show support for KFC's policies!?! I don't know where that one came from. Perhaps he was saying it tongue in cheek or was trying to urge me to "stick

with the program." I believe that
I was really being told in a
semi-diplomatic way to "Bug Off".
No such luck, Mr. Sanders!

Anyway — I look forward to chatting
again with you + I am certainly
eager to see you in Paris at
the conference.

My best regards —

Theda

P.S. - Hello to both Eriks.
