Dear Alan:

I appreciate your kind letter of October 18, which arrived during my absence from the city, while I was attending a meeting of the American College of Surgeons in Atlanta.

It was indeed a pleasure having you here and your talk before our staff was very well received. They thought it was excellently done and we are grateful to you for giving it.

I would be very happy to be Honorary Chairman for 1981 of DOC, and I am grateful to you for even suggesting it.

Thanking you again for your nice letter, and with kindest personal regards, I am

Yours very sincerely,

Alton Ochsner, M. D.
