

BUFFALO LITHIA WATER

in Bright's Disease of the Kidneys

DR. ALFRED L. LOOMIS, *Professor of Pathology and Practical Medicine in the Medical Department of the University of New York*: "For the past four years I have used **Buffalo Lithia Water** in the treatment of **Chronic Bright's Disease of the Kidneys** occurring in gouty and rheumatic subjects, with marked benefit."

DR. WM. B. TOWLES, *Professor of Anatomy and Materia Medica, University of Virginia*: "The effects of **Buffalo Lithia Water** are marked in causing a disappearance of albumen from the urine. In a single case of **Bright's Disease of the Kidneys**, I witnessed decided beneficial result from its use, and from its action in this case I should have great confidence in it as a remedy in certain stages of the disease."

DR. GRAEME M. HAMMOND, *of New York, Professor of Diseases of the Mind and Nervous System in the New York Post-Graduate Medical School and Hospital*: "In all cases of **Bright's Disease of the Kidneys**, I have found **Buffalo Lithia Water** of the greatest service in increasing the quantity of urine and in eliminating the albumen. In certain cases of **Melancholia, accompanied by excessive elimination of Urates and Uric Acid, it is often the only remedy necessary.** In Gout and Rheumatism it is highly beneficial, and in many cases of Impotency its restorative qualities have been of undoubted assistance."

The late **DR. HARVEY L. BYRD**, *of Baltimore, formerly Professor of the Practice of Medicine in the Baltimore Medical College*: "**Buffalo Lithia Water has an ascertained value in Bright's Disease.** A knowledge of its action in that disease thus far would seem to warrant the belief that it would in many instances, at least in its early stages, arrest it entirely, and in its more advanced stages prove a decided comfort and palliative."

DR. CYRUS EDSON, *Health Officer of New York City*: "I have prescribed **Buffalo Lithia Water** with great benefit in **Bright's Disease of the Kidneys.**"

DR. W. C. QUINN, *of Crenshaw, Jefferson County, Penn.*: "I have used **Buffalo Lithia Water** with remarkable results in an advanced case of **Bright's Disease.** Under its use the quantity of albumen rapidly diminished, and the general condition of the patient correspondingly improved."

DR. McMUNN'S

Elixir of Opium.

**An Invaluable Discovery
In the Preparation of Opium.**

It contains all the valuable medicinal properties of Opium in natural combination, to the exclusion of all its noxious, deleterious, useless principles upon which its bad effects depend. It possesses all the sedative, anodyne and antispasmodic powers of Opium: To produce sleep and composure; to relieve pain and irritation; nervous excitement and morbid irritability of body and mind; to allay convulsive and spasmodic actions, etc.; and being purified from all the noxious and deleterious elements, its operation is attended by no sickness of the stomach, no vomiting, no costiveness, no headache, nor any derangement of the constitution or general health. Hence its high superiority over Laudanum, Paregoric, Black Drop, Denarcotized Laudanum, and every other Opiate preparation.

CAUTION.

On account of its large sale, spurious articles are offered in bulk. The genuine is sold only in vials of about 7 drachms, with yellow wrappers and signature of Jno. B. McMunn.

E. FERRETT, Agent,

372 Pearl St., NEW YORK.

DUKEHART'S

Pure Extract of Malt and Hops

NO ALCOHOL.

This Malt is not a beverage, but a medicine, one and one-half to two tablespoonfuls being a dose, taken in one-half glass of water or milk. For nursing mothers it has no equal. A bottle of our Malt will be sent free to any physician who wishes to test it, if he will pay express charges.

The only Malt that goes into the Dominion of Canada free of Alcoholic duty.

BUFFALO LITHIA WATER

in Albuminuria of Pregnancy and Scarlet Fever

DR. WM. H. DOUGHTY, *Professor of Materia Medica and Therapeutics, Medical College of Georgia*: "Over the Nausea and Vomiting of Pregnancy, particularly in the latter months, where ræmic conditions are possibly established, and in Puerperal Convulsions, Uræmia coexisting, Buffalo Lithia Water often exerts marked control."

DR. GEORGE M. MILTENBERGER, *Professor of Obstetrics, University of Maryland*, before the Medical and Chirurgical Faculty of the State of Maryland, recommended Buffalo Lithia Water as an Alkaline Diuretic in Albuminuria of Pregnancy.—See *Trans. Faculty of State of Maryland*, 1886.

DR. PRESTON ROANE, of *Winston, N. C.*: "In cases of almost total Suppression of Urine, in a woman in the latter stages of gestation, with strong threatenings of convulsions, after exhausting, without effect, the most potent Diuretics of the Materia Medica, I put her upon the Buffalo Lithia Water, half a gallon a day, which produced a copious action of the Kidneys, and was followed by relief of the alarming symptoms. I attribute the safe termination of the case entirely to the use of this Water."

DR. T. J. DAVIDSON, *New Orleans, La., ex-President New Orleans Surgical and Medical Association*, says: "I have for several years prescribed Buffalo Lithia Water in all cases of Scarlet Fever, directing it to be drunk *ad libitum*, with the effect of relieving all traces of Albumen in the urine, and have found it equally efficacious in all renal diseases requiring the use of alkaline water."

DR. G. W. SEMPLE, *Hampton, Va., President Medical Society of Virginia*: "In Scarlet Fever I have known Buffalo Lithia Water to restore a healthy and abundant secretion of Urine when it was highly charged with Albumen and the secretion almost suppressed."

DR. JOHN HERBERT CLAIBORNE, of *Petersburg, Va., ex-President and Honorary Fellow Medical Society of Virginia*, says: "In anasarca following Scarlet Fever, and all cases of renal insufficiency, I have found Buffalo Lithia Water a powerful diuretic, and have had excellent results from its use."

STEARNS' BEEF JUICE

A VALUABLE APPETIZING AND PALATABLE NUTRIO-TONIC,

Embodying nearly fifty per cent. of moist albuminoids (proteids) together with the naturally combined inorganic salts and stimulating organic bases of the meat of carefully selected grain-fed cattle, which have been subjected to inspection by United States officials. It is prepared at a low temperature in vacuo, and contains twice as much proteids as any other natural beef juice on the market. It is also rich in hæmoglobin, the iron-bearing constituent of the blood.

STEARNS' BEEF JUICE

Stands pre-eminent as a stimulant without reaction, as an accelerator of tissue metabolism, and as a powerful reconstructor. It is of great value in Typhoid and other adynamic fevers, Anæmia, Infantile Diseases, Nervous Exhaustion, Insomnia, Alcoholism, and in general convalescence.
